Dear Mr. Simmons,

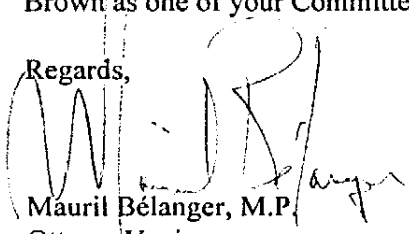

**Re: Mr. Chris Brown

On Thursday November 16, 1995, I had the opportunity of meeting Mr. Chris Brown, one of my constituents. For many years now, he has been closely involved in increasing awareness of environmental sensitivities. During our meeting, he voiced his desire to appear before the Health Committee to present his views on the subject.

Mr. Brown impressed me as being very knowledgeable and rather coherent in his views. Given that the question of environmental sensitivities is of concern to a number of Canadians, and given the clarity and forthrightness of Mr. Brown's view on the matter, I thought it may be beneficial for the Committee to hear him.

I would therefore appreciate it if you would look into the possibility of inviting Mr. Brown as one of your Committee witnesses.

Regards,
